

EYFS Tigers

Week 3 Autumn 1 2024

Well done to our EYFS friends on their first week of full days in school, there is a lot to get used to and it can be very tiring. They are coping well and getting to know each other and their new routines.

We have loved sharing their 'Talking Shoeboxes' which they have now brought home - a huge thank you for helping them with these, they have really helped us get to know your children.

They started their 'Dino-Roar' topic with an adventure explore to find a nest of dinosaur eggs! The children then all worked together to discover what was inside them - there were frozen ice eggs, eggs that dissolved in vinegar and ones that had to be broken to get the baby dinosaurs out. It was a great start to the topic with chances to talk all about the dinosaurs they knew as well as starting to work as a team.

The children were also introduced to 'Jigsaw Jenny' part of the whole school PSHE (PSED) scheme, through this we are introducing the Tiger Class Rules which will help make Tigers a fun place for all.

Thank you for coming to the meeting on Wednesday to find out about the EYFS year and we hoped the information you have received is useful - please ask if you have any questions.

The children have begun to learn how to use the 'Rainbow Cards' in the mornings which are when the children learn to follow an adult instruction independently, they have particularly enjoyed using our outdoor PE box.

As always if you have any questions please come and ask.
