Week 1 Spring 1 2025

Welcome back, we hope you have all had a lovely peaceful Christmas and are recharged ready for another exciting term!

A huge thanks to you all for your support and understanding in this unprecedented week of weather - it really has been a tricky week.

The children have settled back into school well and are enjoying being back with their friends.

We have heard all about their Christmas presents and some of the things they have been up to. We have also been talking about the New Year and New Year Resolutions and why people make them. The children have all thought of something they would like to get better at this year and wrote about it on a star that they then decorated.

These are on our display for you to enjoy.

The EYFS children have started to talk about our new topic 'Where will I find a Polar Bear?', we are all looking forward to finding out more about some of the different habitats in the world. Looking at the different animals and where they are found in the world. Year 1 have been introduced to their topic 'Where the wild places are!'

The information for our new topics has been emailed to you and can be found on the school website. You have also been sent a mini report from last term with new targets to be focussing on - as always any questions please do ask.

We are also learning all about Winter, the weather has been kind to us in giving the children first hand experience of some real Winter weather. The icy conditions have meant outside play is too tricky but the children have had lots of discussions and we used it as an experience to find out about how we keep safe in Winter.

A huge thank you to all of you who managed to keep up some reading over the holidays (very tricky I know!) and again for all the lovely cards and gifts we all received.

EYFS parents don't forget the writing meetings next week - either Monday 13th January at 6pm or Wednesday 15th January at 2.30pm. We will also recap some of our reading and talk about the next stages with that at these meetings. Do come along if you can.

As always please do come and ask if you have any questions.
