

Year 1 Tigers

Week 5 Spring 2 2025

In maths we continue to look at place value within 20, finding the tens and ones in numbers and finding out more and less within 50. We have made great use of the outside 100 square to help us visualize this work.

As part of our PSED topic on 'Healthy Me' we have been talking about how important sleep is in keeping us healthy. The children have created their bedtime routine and chosen some extra calming activities that they could try, to help them calm before sleep. They have brought them home to share with their parents.

We had a fantastic time looking at the chicks that have hatched from the living eggs we have had at school. We learnt more about their life cycle and got to hold them and see them eating and drinking.

As part of our science work on plants we have been trying to identify some of the common plants we might see around us, this included flowers and some common trees. The lovely warm Spring weather has made it possible to see some of these flowers in bloom around our school.

The children have finished creating not only their Rainforest display in Tigers but also their individual extreme habitat diorama. Next week there is a parent sharing for Year 1 and 2 where we will be sharing some of our work on these different habitats. We can't wait to bring our dioramas home to play with.

We have been finding out more about Mother's Day and the history behind it. We have been celebrating the diversity within our families and have discussed what we plan to do to say thank you to the important people who look after us. We created a heart stone and a heart card to give as gifts.

We finished the week by finding out about the Muslim festival of Ramadan and Eid-al-Fitr. We enjoyed seeing how this special festival is celebrated and were interested to see some of the same exciting events that we are familiar with. Sharing time with family, eating special food, giving gifts and visiting a place of worship.

We have also started learning our song we are going to perform with Year 1 Leopards next week at the Easter service. We do hope you are able to come and join us at this special service.

As always please do come and ask if you have any questions.
