SPRING 1, WEEK 6

THIS WEEK:

Happy Children's Mental Health Week! We have had a great time learning about the importance of our mental health and thinking about the theme "This is my place"

We had some visitors from Lady Manners who helped us think about our special place where we feel safe and where we belong. We then drew these and made it into a mosaic.

In maths, we have been continuing learning about length through measuring, comparing and converting between mm, cm and m.

In science, we experimented with starbursts to show the different parts of the rock cycle.

In music, we learnt about Einaudi and listened to his piece of Nuvole Bianchi. This inspired us to create a 4 note repeating pattern on the glockenspiel.

In art, we created love heart inspired artwork with adjectives to describe us on them.

REMINDERS:

Have a fantastic half term and we will see you on Tuesday 24th February!
