

Baslow St. Anne's C of E Primary School
Life in all its fullness .. growing healthy minds and hearts together
Kindness - Respect - Diversity

Year 1 Tigers

Week 5 Spring 2 2026

Thank you for coming to our Easter Church Service at St Anne's on Wednesday, it was a lovely service and all the children did us proud. It was great to learn more about this important Christian festival through listening to Mr Proctor and the older children's contributions. The children created their own Easter story plate and wrote about what happened to Jesus at Easter. The children have been discussing the Christian symbols that are associated with this special Christian celebration.

The children have also been learning about the other events that happen at Easter, finding out about the food that people eat, including hot cross buns and chocolate! We also found out about Easter egg hunts. Thanks to the children all working so hard to be kind over this term they have managed to fill up the class kindness jar and were rewarded with their very own Easter egg hunt, which they enjoyed with their Year 1 Leopard friends and EYFS friends.

The children also made an Easter card for their families based on an Easter rabbit and made an Easter basket and then made a chocolate nest to put in our basket alongside a rabbit decoration they had created and then they brought these home to share.

The children finished their topic "Bright Lights, Big City" with a wonderful parent sharing on Monday afternoon, all the Year 1 children shared their ILP's (Independent Learning Projects), there were so many amazing projects that the children had obviously enjoyed doing at home with their family. A huge thanks to all the parents for their support with these and for coming to share their hard work. They will be awarded certificates for the great work they have done over this Spring term, these will be in their topic books to have a look at during the first open door in the summer term. Do come and have a look!

To complete our science work on - plants, we found out about lots of things we get from plants, including food, medicines, clothing, furniture as well as the air we breathe.

We will also be starting our 'Woodland Explorers' on Friday mornings, you will have had an email regarding arrangements for this.

Please do keep up the reading over the holiday, it really does make a huge difference. Thank you in advance for your help and support.

We hope you all have a happy and restful Easter break and look forward to seeing you on Monday 13th April.

As always please do ask if you have any questions.

As always please do come and ask if you have any questions.
