

CLASS 3 NEWSLETTER

SUMMER 2, WEEK 1

THIS WEEK:

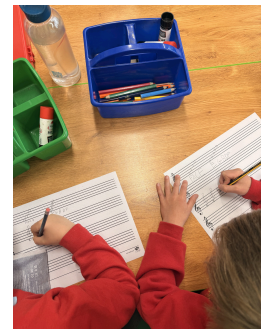

We have had a great first week back, full of learning and fun! The children have been loving planning, editing and writing letters to future Year 3 and 4 pupils. They have worked so hard on them and we are going to keep them to open in 10 years!

In science, we have been learning about the environment and how to look after it. We started learning about recycling and ways we can reuse and reduce our waste.

In PE, we went down to the tennis courts again to have some mini matches on the real tennis courts. They worked really hard as they were quite big! In topic, we have been using a biome map to find out the different climates and where our food comes from.

In music, we recapped the staff and learnt the different notes on a treble clef. We then read music and played the glockenspiel.

REMINDERS:

Next week Y4s have got their MTC on Wednesday 10th June.

Have a great weekend!
