

Baslow St. Anne's C of E Primary School

Life in all its fullness .. growing healthy minds and hearts together
Kindness - Respect - Diversity

There are many different online activities and it is the parent's responsibility to ensure the content is suitable for your child; your child will get the most out of the activity, if you are with them and supporting them. You also need to decide how long is suitable to play for. School endeavours to ensure information that is shared is appropriate; it does not take responsibility for any of the content within these links.
