Life in all its fullness .. growing healthy minds and hearts together

Kindness - Respect - Diversity

EYFS

Week 3 Autumn 1 2026

Well done to our EYFS friends on their first week of full days in school, there is a lot to get used to and it can be very tiring. They are coping well and getting to know each other and have started to find out about a lot of their new afternoon routines.

They started their 'Dino-Roar' topic with some fabulous dinosaur art to spark their interest. They made these 3D dinosaurs, painting then decorating them and giving each a name, they then took them home to share with their families.

They had great fun in their music lesson with Miss Grant (Lions teacher) and are looking forward to a game with a frog next week.

They had fun learning about the bodies in our 'Understanding the World' , playing a game of 'Simon says' as well as having a go at a body bingo where they have to name the different parts of the body.

The had fun using the balance bikes and we are hoping to book a session with 'Balance ability' to further develop those skills of balancing, control and listening. We will let you know when.

The children were also introduced to our PSHE time – we use Jigsaw Jenny to help us focus. These sessions help the children to get to know each other as well as learning to identify and express their emotions.

Thank you for coming to the meeting on Wednesday to find out about the EYFS year and we hoped the information you have received is useful – please just ask if you have any questions.

They have all had a great first full week – don't forget to keep things as low key as you can at home whilst they are learning to cope with all the new exciting things they are experiencing in school. They will develop their school stamina and just remember please ask if you have any questions.
